

## Lyrics to STEM Songs

### Bud's Bridge (1)

Bud built a bridge,  
Bud built a bridge,  
Compression and tension made it work,  
Oh Bud built a bridge.

He put in the piers,  
The he laid the beams,  
He built on the span.  
Oh Bud built a bridge.

### Refrain

Bridges go over the water,  
Bridges go over the road.  
Bridges go over the train tracks,  
and the valley below.

### Refrain
