

ACCESS Assessment System  
**Observational Check sheets (OCs)**  
**Construction: Materials Exploration**

Indicator																				
<b><i>Strand: Science Inquiry and Application</i></b>																				
<b><i>Topic: Inquiry</i></b>																				
Explores objects and materials																				
Engages in simple investigations																				
Describes properties of materials																				
Compares Properties of materials																				
Uses simple tools to extend investigation																				
Makes Predictions																				
Make inferences, generalizations, and explanations based on evidence																				
<b><i>Strand: Physical Science</i></b>																				
<b><i>Topic: Explorations of Energy</i></b>																				
Recognizes properties of objects/materials																				
Manipulates position and motion of objects																				
<b><i>Strand: Motor Development</i></b>																				
<b><i>Topic: Small Muscle</i></b>																				
Coordinates use of hands/fingers/wrist to manipulate objects																				
Coordinates use of hands/fingers/wrist to perform tasks requiring precise movement																				
Uses tools independently with coordination																				
<b><i>Strand: Creativity</i></b>																				
<b><i>Topic: Innovation and Invention</i></b>																				
Uses imagination and creativity in interactions with materials and objects																				
<b>IEP Goals</b>																				
Notes:
